

# Royal Rangers Macedonia Summer camp 2021

110+ participants, 3 salvations, 21+ Rangers re-dedications, 60+ Life transformation and 5 Water Baptisms

It has been fruitful seven days of camp! We had 30 kids that are not involved in the RR outpost yet joining our camp. Lives were transformed. New skills learned and new friendships made for life! Looking forward to new adventures!

# See, I am doing a new thing!

## Isaiah 43:19

The summer is the perfect time for camps! Royal Rangers Macedonia organizes summer camps every year. We use this opportunity to represent the ministry and invite new kids to join. This summer camp we had over 30 teenagers joining for the first time, hopefully most of them will join an outpost and the ministry will grow.

This camp was also very important for a group of 6 teenagers joining us from the town of Bitola, located in the south-west of our country. These teenagers joined our camp for the first time, they experienced the adventure, and on the 24 of July 2021 they will have the privilege to be the first rangers in the outpost that we will open in their church. The leader of the outpost will be a great friend of mine - Vladimir Kjosev, who lives in Ohrid and he will travel there to serve every Saturday!

It was great joy to work with the young leaders I have been training. We have now 17 teenagers trained through the program Young Leaders. They are key people for the success of the ministry. Hopefully next year we will continue with this project and involve more teenagers.

The Kothe and Jurte tents that we received as a gift from the Outpost 421 Bielefeld were a huge blessing for this camp as well as all the camps in the past. I hope in the near future we will be able to use only black tents, and put the super-market tents in the storage for good.

The camp started on 5th of July and we finished on 11th of July, having excellent time together. Looking forward for new adventures!

Please keep us in your prayers as we prepare the program and materials for all the outpost, especially the new outpost in Bitola that will open very soon.
